Here are entered works on combinations in re-
straint of trade in which stock ownership is trans-
ferred to trustees, who in turn issue trust certificates
and dividends and who attempt to achieve monopoli-
stic control over output, prices, or markets. Works
on combinations in which independent business en-
terprises formally agree among themselves to control
or limit output, prices, and/or markets so as to
achieve monopolistic power are entered under Car-
tels.
